Notes & Details

Optimize your merchandising displays with the Carnival King HPW-12D2S 12" full service warmer / merchandiser. This full service warmer and merchandiser provides both warmth and display space to enhance your food merchandising experience. This unit provides ample space to display your food, fitting up to a 12" pizza. With three adjustable racks included, you can feel confident that this warmer and merchandiser can support all of your food display needs. Plus, this unit features dual doors that open on both operator and customer sides, providing efficient restocking and purchasing.

Feel in control of your display with power switches for the motor, lights, and heat. With a heating power of 500W, this unit ensures your food is warm and ready to serve at all times. The temperature range is approximately 88-150 degrees Fahrenheit. It is also compatible with a variety of accessory racks (sold separately) for numerous rotating displays that will catch the attention of your customers. Enhance your merchandising displays with this Carnival King full service warmer and merchandiser.
