- Features
- Designed for use with BWM30 waffle makers
 - Shows when the unit is turned on
 - Direct replacement for original part

Notes & Details

This Carnival King 382PBWM25 orange indicator light is a direct replacement for the orange power light that is standard with your BWM30 waffle maker. It is necessary to keep your unit's indicator light functional to allow your staff to quickly see when the unit is turned on. When you replace a broken or damaged light right away, you and your staff stay safe and confident that your equipment is operating at its best!
