Carnival King 382SCMSWTH1 Micro Switch for SCM250

Item #382SCMSWTH1

Technical Data

Type	Switches

Features

- Direct replacement for original part
- For use with SCM250 sno-cone machines

Notes & Details

This Carnival King 382SCMSWTH1 micro switch is a perfect replacement for the one that came standard with SCM250 sno-cone machines. The micro switch is a vital part of your sno-cone machine's internal wiring and core functions, so be sure to fix a broken one promptly.
