Notes & Details

Serve up deliciously sweet crepes topped with your signature sauces and fillings by adding this Carnival King TCM16M 16" non-stick crepe maker to your lineup! This unit includes a 10 1/2" long aluminum T-shaped metal crepe spreader and 12" spatula to make whipping up a batch of fresh crepes at your restaurant or hotel breakfast bar a breeze.

This crepe maker features a commercial grade non-stick coating that is designed for maximum performance. The non-stick surface allows for crepes to be easily released without ripping or tearing, giving you perfect results time after time.

Non-slip feet help add stability to the unit, ensuring that it doesn't slide or scratch your countertop while you're cooking. Plus, this unit has an easy-to-use thermostatic control so that you can set it at the perfect temperature with a simple turn of the knob. The 120 - 570 degree Fahrenheit temperature range allows for maximum versatility from a durable, long-lasting machine.

This unit is made of heavy-duty stainless steel to ensure that it is easy to clean and maintain as well as tough and durable enough for long days of use in your cafe. The cooking plate is made of heavy-duty steel to make sure that your crepes come out perfect every time. Warming and power indicator lights let you know when the unit is on and warming up so that you always know when it is ready to cook.
