- Made of durable low density polyethylene
- Compatible with CaterGator 20 qt. 215CG20 series coolers

Notes & Details

Increase the efficiency and versatility of your existing CaterGator cooler with the help of this CaterGator divider / cutting board. This divider creates compartments in your cooler so that you can keep your food items separate for easy identification. This divider also does double duty as a cutting board! Simply slide it out of your cooler to slice items like fruit or cheese on the go.

This divider is made of durable polyethylene so it can stand up to heavy-duty use in your cooler. Compatible coolers fit one cutting board to create two compartments so you can separate different types of food items and beverages. It's compatible with 20 qt. 215CG20 series CaterGator coolers (sold separately), and you can be sure that this divider will be able to slide right into your cooler and increase the flexibility of your outdoor events.
