

CD3-1313

The Standard Value Cash Drawer

Star Micronics is proud to announce the CD3 Value series to its cash drawers lineup.

Star Micronics' CD3 Value cash drawer series are cost-effective cash drawers that integrate seamlessly into any retail or hospitality environment with a standard printer-driven or USB communication interface, hidden from the customer's view. CD3-1313 Value cash drawers can accommodate both Canadian and United States currency types of with its 3 Bill / 5 Coin and 4 Bill / 5 Coin till options.

Features include dual media slots and a four-function lock system. The smooth black or white coated finish provides a unified appearance and complements the connected POS peripherals for merchants. The dual media slots provide extra storage for checks and large bills. For security, the key lock at front center allows for an easy manual release with a key or an electronic release.

The CD3-1313 is ideal for environments handling a standard amount of cash transactions per day. Optimal

in any POS environment, the CD3 Value cash drawers will enhance not only cash operations, but also the appearance of your POS terminal.
