**Features**
**Self Sustaining**

Self Sustaining hinge holds commercial seats in place and avoids slamming.

**FAST-N-LOCK**

Centoco's new patented FAST-N-LOCK Mounting System takes the guessing out when tightening the hardware. The specially designed fasteners "click" when the appropriate torque is reached. This feature largely reduces the chance of getting call backs from customers for seats that have become loose over time.

**Commercial Hinge**

Includes commercial grade hinges. One piece solid metal hinge pin and bolt over molded with plastic.
