

CleanShield® Universal Mat

Restroom Mats • Indoor

CleanShield Universal mats are premium disposable restroom mats designed to help prevent odors and protect floors and grout from uric acid damage. The unique design makes them ideal for use at both urinals and commodes.

- **Minimizes Odors** – Silver ion fibers provide antimicrobial protection from odors and degradation
- **Protects Floors** – Seep-Guard barrier eliminates urine seepage, protecting your floors from damage caused by uric acid
- **Stays in Place** – Tacki-Back adhesive keeps the mat flat and in place
- **Dries Quickly** – Surface dissipates water quickly for fast drying time
- **Hassle Free** – Mats can be left in place during daily floor cleaning; floor scrubbers, mops, and brooms will pass right over them without causing damage
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- **Eco-Friendly & Attractive** – PET fabric surface is made from 76% recycled content reclaimed from plastic and features an attractive diamond pattern that provides an upscale look
- Designed for 30-day usage; easy-to-read TimeStrip® indicates when it's time to replace the mat (step on/push to initially activate)

Designed for dual use at urinals and commodes
