

# Allergen Management Bakeware

Managing food-related allergens is an issue that bakery and foodservice operations are required to address. When dealing with customers diagnosed with food allergies, careful attention to food preparation and communication is a necessity. It is also a major business decision that can draw loyal customers.

Chicago Metallic is excited to offer a collection of color-coded DuraShield® 265U coated pans to help your operation more safely and efficiently produce allergen-free alternatives for your customers.

## Stock Allergen Management Bakeware

| Item # | In Stock | Coating    | Description  | Overall Size (in)   |

## BUNDY BAKING SOLUTIONS:

-  Baking Pans
-  Release Agents
-  Pan Coatings & Refurbishment
-  Equipment & Services

## Innovative Products

- Tinted to match Pantone 265U, the universal color for allergen management in foodservice kitchens, our pans allow you to easily identify and segregate pans used for allergen-free products.

## Superior Quality

- Manufactured with high-quality materials for unmatched durability and strength.
- Coated with DuraShield®; the longest-lasting non-stick fluoropolymer coating available. Certified PFOA-free, DuraShield is proven to provide superior release over glaze coatings for sticky doughs, such as gluten-free doughs.

## Exceptional Service

- Stock pans available to ship within 24-48 hours.
- Custom order any pan from our catalog with DuraShield 265U coating.
