

Comark KM400AP

Be Allergen Safe with Comark

Reliable temperature measurement for your kitchen

Why a purple thermometer?

Food allergies are a growing public health concern. Recent government studies say 15 million Americans and 1 in 13 children suffer from food allergies.

Eight foods or food groups are the major food allergens: milk, eggs, fish, peanuts, tree nuts (walnuts, almonds), wheat, soybeans and shellfish (shrimp, crab).

Preventing cross contamination among these various foods is becoming more and more important. HACCP plans now detail separating foods or ingredients which may cause allergies and also using separate utensils for different foods.

Purple is the agreed color in the foodservice industry for kitchens to identify allergen-free food items.

Use Comark's new KM400AP pocket digital thermometer for temperature testing in prep, cooking and holding when you want to be sure keep special foods separate and your customers safe.

Features

- Waterproof
- Response time better than 6 seconds
- Stepped FDA Compliant 1.5mm thin tip probe for faster response
- Range -58°F to +400°F
- Accuracy $\pm 2^\circ\text{F}$
- °F / °C switchable
- Data hold to freeze reading
- Auto power off

Benefits

- Color coded for food allergy procedures
- Field calibratable
- Slim profile fits flat in pocket
- Withstands constant use in wet or humid conditions
- One year warranty
- Biocote® antimicrobial protection

Comark KM400AP Allergen Thermometer

with thin tip probe

Warranty

Each Comark product is warranted to be free from defects in material and workmanship under normal use and service. The warranty period is one (1) year, unless otherwise stated, and the warranty period begins on the date of shipment. Temperature probes are warranted for six (6) months.

The warranty extends only to the original buyer or end-user of a Comark authorized reseller. This warranty does not cover damage resulting from normal wear and tear, abuse, misuse, accidental breakage, negligence, defects caused by modifications, repair and servicing not made or authorised by Comark Instruments, damage caused by handling, operating, storing, or using the product outside the intended uses described by our product literature. Disposable batteries are also exempt from warranty.

Warranties on dishwasher safe models apply only where the product has been used in a commercial dishwasher. Comark Instruments products are not suitable for use or cleaning in domestic dishwashers.

Comark's warranty obligation is limited, at Comark's option, to refund of the purchase price, free of charge repair, or replacement of a defective product returned within the warranty period. Products must be returned to Comark or one of Comark's authorized service agents.

This warranty is the buyer's sole and exclusive remedy and is in lieu of all other warranties, express or implied, including but not limited to any implied warranty of fitness for a particular purpose. Comark shall not be liable for any special, indirect, incidental or consequential damages or losses, including loss of data, whether arising from breach of warranty or based on contract, tort, reliance or any other theory. Since some countries or states do not allow limitation of the term of an implied warranty, or exclusion or limitation of incidental or consequential damages, the limitations and exclusions of this warrant may not apply to every buyer.
