Features	Field-Convertible (Gas)
Gas Inlet Size	3/4 Inches
Heating Source	Radiant
Installation Type	Freestanding
Number of Burners	3 Burners
Number of Controls	3 Controls
Power Type	Natural Gas
Total BTU	120000 BTU
Type	Radiant Charbroilers
Usage	Medium Duty
Work Surface Thickness	1 1/4 Inches

Cooking Performance Group 36CRSWPNL 36" Radiant Charbroiler with Regency Equipment Stand Base, Wooden Adjustable Work Surface, and Plate Shelf - 120,000 BTU

Notes & Details

Enable the ultimate cooking convenience with this Cooking Performance Group 36CRSWPNL 36" radiant charbroiler with Regency equipment stand base, wooden adjustable work surface, and plate shelf! It boasts 3 powerful 40,000 BTU stainless steel U-shaped burners with cast iron grates to provide even broiling, which also catch juices from your flavorful meats to produce searing flames and smoke for a great-tasting product. To prevent clogging, the angled sides help direct oil to the drip tray. The reversible cast iron top grates give your meats tantalizing grill marks, sporting a thin side that's perfect for searing and a thick side that's great for your more delicate foods. They can also be used in a flat or sloped position so that you can simultaneously cook various foods to the desired level of doneness!

Thanks to its stainless steel construction, a full width waste tray, and the ability to remove the cast iron grates, radiant covers, and stainless steel burners without tools, the Cooking Performance Group CR-CPG-36-NL 36" countertop charbroiler is both durable and extremely easy to clean! It's even designed for the countertop, providing much-needed space-efficiency. It has a 3/4" rear gas connection and ships ready to connect to a natural gas supply, but includes a liquid propane orifice kit for simple field conversion.

The included stainless steel equipment stand is built to stand up to daily use in even the busiest commercial settings! It features a durable 16-gauge type 304 stainless steel top shelf that can support up to 800 lb. of evenly distributed weight, while the galvanized steel undershelf can hold 620 lb. This stand is ideal for holding up your charbroiler or heavy countertop equipment. A 2" edging comes standard to help contain equipment and contents for added safety. This unit stands on sturdy galvanized steel legs with adjustable plastic bullet feet that allow you to level the stand on uneven surfaces.

Add even more utility with the included wooden adjustable cutting board, which will fit right onto the equipment stand. Not only does it provide a convenient surface for placing ingredients or assembling sides, but it's perfect for chopping, slicing, dicing, and even carving. It adds versatility to your equipment stand to maximize space. Plus, because it's made of 1 1/4" thick hardwood, it's sturdy and long-lasting and won't dull knives. Two stainless steel, curved legs attach the board to your 36" long equipment stand, and two stainless steel welded sockets hold it in place. This method of installation allows the cutting board to easily adjust in height; just raise or lower where the sockets screw onto the equipment stand.

To maximize your storage space, this kit comes with an additional stainless steel plate shelf. It provides a convenient place to store plates and your most commonly-used tools, and it can be paired with a 10" x 36" cutting board! Since it is made from stainless steel, you can count on this shelf to provide the durability and strength required in even fast-paced kitchens. The back splash is a great feature because it prevents messy spills from getting onto any equipment you have on your stand.

Kit Includes:

- Cooking Performance Group CR-CPG-36-NL 36" gas countertop radiant charbroiler
- Regency 30" x 36" 16-gauge stainless steel equipment stand with galvanized undershelf
- Regency 10" x 36" wooden adjustable cutting board for 36" long equipment stands
- Regency 10" x 36" stainless steel plate shelf for 36" long equipment stands
