Cooking Performance Group COF-T4-M Electric Thermostatic Countertop 4 Tray Full Size Convection Oven with Moisture Injection - 208-240V, 5600W

#### Notes & Details

Add a versatile and space-saving oven to your kitchen with this Cooking Performance Group COF-T4-M electric thermostatic countertop full size convection oven. This convection oven has many functions for medium-high volume that make it perfect for baking cookies, pastries, and other baked goods to roasting vegetables or finishing other dishes. Plus, it features thermostatic controls, and its compact size is great for small footprint and countertop needs to take up less space in your busy kitchen. With a recommended approximate usage of up to 10 hours per day, 7 days per week, this oven is a great addition to convenience stores, cafes, snack bars, hotels, and sports stadiums.

This convection oven's full size can handle up to 4 full size trays, and it provides optimal versatility with up to seven different rack positions and 1 1/2" spacing. For consistent, quality results, this oven features a button that manually adds a burst of moisture to the cavity while cooking. The 3/4" water connection makes set-up fast and simple. Moisture injection helps product retain its natural moisture, enables better rises, and improves crusts! This 5600-watt oven also includes a bi-directional reversing fan system for uniform airflow in the cavity to heat evenly for efficient and thorough cooking.

This convection oven can be controlled by a manual timer that sets an audible timer from 1-120 minutes and thermostatic control for adjusting the temperature up to 536 degrees Fahrenheit. When the timer reaches zero, the heat will turn off, but the oven can also run without the timer. When your cooking is done, this unit is simple to clean with the easy-to-remove inner glass door pane, stainless steel exterior, and dishwasher-safe stainless steel baffle, support racks, and wire shelving. This unit includes 4" stainless steel bullet feet and requires a 208-240V, 1 phase electrical connection for operation.
