Cooking Performance Group CPG-DSPR-N Natural Gas Stock Pot Range - 160,000 BTU

Notes & Details

This Cooking Performance Group CPG-DSPR-N natural gas double stock pot range allows you to quickly and easily prepare your flavorful pastas, soups, and sauces while taking up minimal space! Equipped with two powerful burners, this unit delivers a total of 160,000 BTU of power to ensure efficiency and even cooking at your operation. The stainless steel front and sides and heavy-duty cast iron top grates provide outstanding durability.

Thanks to the cabinet base, this range offers operators additional storage space to keep stock pots, ladles, tongs, and pot holders close by. With 6" adjustable legs, the unit can remain stable on uneven kitchen countertops. Plus, a drip tray makes it easy to clean the unit at the end of a busy shift. This unit runs on natural gas, but is field convertible (orifice sold separately).
