Cooking Performance Group CR-CPG-60-NL 60" Gas Radiant Charbroiler - 200,000 BTU

Notes & Details

Tempt your customers with the intoxicating aroma of grilled burgers, chicken, steak and more by cooking them on this Cooking Performance Group CR-CPG-60-NL 60" countertop charbroiler! It boasts 5 powerful 40,000 BTU stainless steel U-shaped burners with cast iron grates to provide even broiling, which also catch juices from your flavorful meats to produce searing flames and smoke for a great-tasting product. To prevent clogging, the angled sides help direct oil to the drip tray. The reversible cast iron top grates give your meats tantalizing grill marks, sporting a thin side that's perfect for searing and a thick side that's great for your more delicate foods. They can also be used in a flat or sloped position so that you can simultaneously cook various foods to the desired level of doneness!

Thanks to its stainless steel construction, a full width waste tray, and the ability to remove the cast iron grates, radiant covers, and stainless steel burners without tools, the Cooking Performance Group CR-CPG-60-NL 60" countertop charbroiler is both durable and extremely easy to clean! It has a 3/4" rear gas connection and ships ready to connect to a natural gas supply, but includes a liquid propane orifice kit for simple field conversion.
