Cooking Performance Group FCPG15 Liquid Propane 15 lb. Countertop Fryer - 26,500 BTU

Notes & Details

An excellent choice for concession stands, snack bars, or even sandwich shops, this Cooking Performance Group liquid propane countertop fryer boasts 26,500 BTU of heating power with a 15 lb. oil capacity so that you can conveniently round out your menu with a variety of fried foods!

The stainless steel tube style tank makes this unit ideal for frying chicken, onion rings, wings, and other heavily-battered foods, while the Millivolt control allows you to adjust the temperature up to 400 degrees Fahrenheit, putting total control in your hands.

The Cooking Performance Group FCPG15 15 lb. countertop fryer features a reliable flame failure device to give you the peace of mind you deserve, while the stainless steel construction and attachable oil drain pipe give you the long-lasting performance and easy cleanup that you crave! It also comes with a chrome-plated fryer basket with a cool-grip handle for added operator safety and ease of use.
