Cooking Performance Group GM-CPG-72-NL 72" Gas Countertop Griddle with Manual Controls - 180,000 BTU

Notes & Details

The Cooking Performance Group GM-CPG-72-NL 72" countertop griddle boasts 6 powerful 30,000 BTU stainless steel burners with standing pilots for instant ignition that make it a fantastic choice for a variety of cooking tasks, from burgers and bacon to hotcakes and eggs. Manual controls offer added appeal to experienced chefs who prefer the "feel" of manual controls, while the 3/4" thick, 72" wide polished steel cooking surface features an impressive 20" depth that is sure to deliver all of the cooking workspace needed.

The Cooking Performance Group GM-CPG-72-NL countertop griddle is made of rugged stainless steel that is both durable and extremely easy to clean, includes back and side splashes to protect your walls and countertops, and even offers a full width waste tray to provide you with the complete package of excellent performance and worry-free maintenance! The unit offers a conveniently located, 3/4" rear gas connection and ships ready to connect to a natural gas supply. The unit includes a liquid propane orifice kit for quick and easy field conversion.
