Cooking Performance Group WOKR13L Liquid Propane Wok Range with 13" Ring - 95,000 BTU

Notes & Details

This Cooking Performance Group WOKR13L 13" liquid propane wok range allows you to quickly and easily prepare your most delicious stir fries, sauteed dishes, and noodles while taking up minimal space in your kitchen! A perfect addition to your buffet, Japanese steakhouse, Asian restaurant, or catering company, this wok range boasts a powerful 18 tip duck jet burner that delivers up to 95,000 BTUs of cooking power.

This unit's stainless steel wok attachment measures 13" in diameter to accommodate your largest woks. Its rolled front makes it easy to load, while its gradual slope design helps reduce food spillover during cooking. Boasting a stainless steel front, bottom, and cabinet, this unit provides long-lasting durability and is easy to clean after a busy dinner service. Its convenient removable drip pan collects grease to ensure your cooking area stays cleaner during use.

The unit sits on tall legs with adjustable feet to ensure level installation on uneven surfaces. It requires a liquid propane connection for operation, but it's field convertible to operate on natural gas.
