Hospeco™ Comfort Plus® Vended Tampons, Regular, Cardboard Applicator, 200/cs

Hospeco™ Comfort Plus® Cardboard Applicator Tampons are designed for dependable performance and user comfort in high-traffic environments. With regular absorbency and a smooth petal-tip applicator, they allow for easy, comfortable insertion, while the concave grip improves handling during use. Each tampon is individually wrapped in a durable, protective cover and features a securely sewn, full-length withdrawal cord for added confidence. The environmentally conscious cardboard applicator and wrapper provide a more sustainable option compared to plastic alternatives. Packaged 200 per case and designed for compatibility with most nonproprietary vending dispensers, these tampons are ideal for restrooms in schools, offices, and public facilities.

Key Features

- Cardboard applicator with petal tip for smooth insertion and advanced comfort
- Concave grip for easier insertion
- Environmentally friendly wrapper and applicator
- Durable non-woven wrapper for protection
- Withdrawal cord sewn into the full length of the tampon
- Optimized case size for easier storage
