

# CRITTER BLASTER PRO®

## OUR MOST AGGRESSIVE SONIC ANIMAL DETERRENT

Eliminate pest problems with our most aggressive sonic product. The Critter Blaster PRO comes with a weatherproof control box plus four separate directional speakers, each with 100 feet of wire. The system is designed for large, remote outdoor areas and uses digitally recorded, customizable harassment sounds to repel ALL animals.

With a range of up to 6 acres, the aggressive digitally recorded sounds of the Critter Blaster PRO will irritate and alarm ALL species without traps or chemicals. Four powerful speakers can be mounted anywhere to emit a series of harassment sounds that drive animals away and train them to stay away. The Critter Blaster PRO is fully programmable with eight digitally recorded sounds that can be played at various intervals. The weather-resistant and flexible coverage makes it perfect for large outdoor areas.

**Pests:** All

**Applications:** airports, farms, fields, landfills, large buildings and areas
