

Wood Highchair

Deluxe highchair, made from rubber wood, the most ecologically friendly lumber, will complement any room décor. The wide "A-frame" structure provides stability and structure for your smallest customers.

- ★ Produced from environmentally sustainable $\frac{3}{4}$ " thick wood
- ★ Assembled with screws into threaded inserts for strength and durability
- ★ Extra wide, 1 $\frac{1}{2}$ " seat belt for extra safety
- ★ Rubber stacking pads protect the lower stacked chairs from damage
- ★ Scalloped seating for leg comfort
- ★ Rounded edges and corners for safety and to avoid chipping
- ★ Backrest with handle for easy lifting and moving
- ★ Available assembled or unassembled
