Specifications

CSW-2DX Wall Hand Sink is constructed of 20GA type 300 series stainless steel, with integral backsplash and apron. Sink bowl is deep drawn with non-drip edges and built-in pitch to 1½" waste outlet. Stainless steel front apron conceals bowl. Mount to wall with wall screws through top and lower brackets. Sink bowl is 14" x 10" x 5".

Sink is mounted to wall with screws through rear flanges and offset wall strip.

Product Guide

CS Hand Sinks are dual designed for Institutional and Commercial applications. For use in kitchens and public areas, with abuse resistant features, such as integral apron, multi-point mounting surfaces and high quality faucets.

These sinks are an economical version of Models WS and HS Sinks.

Options are designed to make the sink suitable for a variety of locations throughout the facility, such as prep areas, administrative, receiving and shipping and public areas.
