Ref. ZI14x16TA-N-OTG

Z14 NATURE 16 SELECT^{GO}

Choose your product

With Z14 Nature Select you can choose the format of juice to be consumed, for example, whether you want to **drink it in a glass or in a bottle**, and even the size of the container. How? By using the touch screen selector or by **scanning the barcode on the container directly with the integrated Barcode Scanner**. The machine will recognise the product and squeeze out the right amount of fruit to fill the packaging. All that's left for you to do is proceed to the checkout.

16 Fruits per minute

16 kg Feeder

18 l Container capacity

Touch screen

With an intuitive interface developed specifically for this model, the customer can select the different product variants available for sale.

The products are added from the same screen through the administrator function and allows the possibility of having up to four different products active, configurable by type (glass, bottle) and size (S,M,L,XL).

Barcode Scanner

Integrated barcode reader connected to the touch screen interface. Zero contact.
