

SHOWA 6781R-145

The SHOWA 6781R-145 heat-resistant gloves offer full arm protection by using triple-layered foam insulation, a strong neoprene coating, and a nitrile insulated sleeve. Completely protect hands and arms from the cold and stay protected when working with temperatures up to 250°C or 482°F. The rough surface grip and durable material also offer resistance from chemicals, cuts, and abrasion.
