

Specialty Drying

DriForce® Airmover Base Unit

This high-pressure specialty airmover delivers up to 38 in. (97 cm) of static pressure for fast drying in complex construction and dense materials. Designed for use with the [DriForce InterAir Drying System](#) or the [Rescue Mat System](#), the DriForce Airmover draws moist air out of wall cavities and hardwood floors and can also direct warm, dry air into cabinet assemblies and other cavities to accelerate drying.

Features

- Produces up to 38 inches of static pressure
- Draws only 3 amps on average
- Force air in or vacuum air out
- Stackable for easy storage and transport

Specifications

- **Working static pressure:** 38 in. | 97 cm
- **Dimensions (W × H × D):** 14 × 14 × 12 in. | 36 × 36 × 30 cm
- **Weight:** 14.5 lb. | 7 kg
- **Amps:** 4.8A
- **Volts:** 115V
- **Frequency:** 60Hz
- **Xactimate:** WTRWALL (wall drying with InterAir Drying System)

Sizes ▀ Options

- 104670 (F211-BU): One airmover
