

Bun, Bagel & Bread Slicers

The doughXpress® slicers are easy to use and require little training or skilled labor to help increase your productivity and customer response time. Simple, fast adjustments for repeatable and accurate operation. These slicers will slice as fast as the operator can feed the product into the chute.

The DXSM-270C and DXSM-270 easily fit on a table top. Both models adjust from hinged products up to 6" wide to cut all the way through on products up to 5.25" wide. Perfect for slicing french bread, bagels, subs, hamburger buns, coney buns, hoagies, biscuits, bread sticks and more!

The DXP-GF001 series bread slicer is a reliable high-quality table top slicer that can be used for continuous operation. Great for use in Supermarkets Bakeries, Schools, Deli's, Retail Bakeries, Sub Shops, Hospitals, Restaurants, Bagel Shops, Caterers and more!
