

# Edlund/ PKR-699 Knife Rack

Edlund introduces our new patent pending line of knife racks with the unique v-slot insert design. It now holds almost double the amount of chef's knives as previous models, plus it has room for smaller knives, a cleaver, steel, and even scissors, all in the same space as before. NSF certified and dishwasher safe!

- One knife rack that does it all
- NSF certified
- Holds 8 chef's knives, plus 2 smaller knives, 1 steel, and scissors in the same space as previous models

- Insert is dishwasher safe and will not dull knives
- Stainless steel is corrosion-resistant
- Knife rack skirt protects the knives and operators from accidents

- Patented v-slot design holds knives upright and more securely
- Made in the U.S.A.

# The patented approach to knife storage and protection.

The knife rack provides a system of knife storage and retrieval while helping to maintain a sanitary environment. The open underbase allows operators to quickly select the proper knife.

The PKR-699 features a stainless steel skirt that protects knives and operators from accidents.

## PKR-699 Knife Rack – NSF Certified

The most advanced knife rack system in the world. Edlund's PKR-699 knife rack meets today's knife storage needs with maximum efficiency and sanitation. It keeps an even greater number of knives within easy reach. The new patented insert with v-slot design holds knives more securely and upright yet removes for easy cleaning.
