Notes & Details

Easily make perfect crepes with this Estella CMPT16A portable crepe maker! Compact and easy to use, this crepe maker is a wonderful addition to any kitchen and is especially ideal for diners, cafes, and hotel breakfast bars. It features edge-to-edge coiled and insulated heating elements that provide even heat distribution to the heavy-duty, 1" thick, and 16" diameter polished steel griddle.

Made from durable 304 stainless steel, this crepe maker also features convenient handrails for increased portability. Its compact design is paired with thermostatic controls that are easily adjustable, as well as a simple on / off power switch with switch guard, making it incredibly user-friendly. A 120V, 1820W electrical connection is required for operation.
