## Notes & Details

Easily make perfect waffle cones with this Estella WCMX1A waffle cone maker! Powerful and efficient, this waffle cone maker is a wonderful addition to any kitchen and is especially ideal for diners, cafes, and hotel breakfast bars. It features 180-degree rotating cooking grids for even baking that are also removable and interchangeable for simple cleaning or replacement with other compatible plates (sold separately). A PPG Fusion non-stick ceramic coating prevents batter from sticking to the waffle cone plates, which makes for hassle-free use and low maintenance. Plus, this waffle cone maker is built with a Bakelite handle and even comes with a removable drip tray.

Incredibly user-friendly, this waffle cone maker also features an auto-timer with audible beeps that signal when it's reached the end of a cooking cycle. Its intuitive digital controls are easily adjustable for both time and temperature and allow for quick and consistent waffle cone making. Made from 304 stainless steel and cast aluminum plates, this durable waffle cone maker is expertly designed to keep up with your busiest rush! A 120V, 1340W electrical connection is required for operation.
