

The No.1 Solution to Wobbly & Misaligned Tables

The Comparison? There isn't any.

FLAT®

- Instant stabilisation (SMART SYSTEM)
- Unique capability of levelling and alignment of tabletops
- Worldwide patented technology

FLAT® Technology, a Firm Footing for Nearly Everything

FLAT® is a multi award winning levelling and stabilising technology. Delivering functionality and **cost savings** never seen before in the hospitality industry.

FLAT® is **always on**, our table bases remain **stable** no matter where they are placed. **Automatically** they adjust to the surface below then **lock** firmly into position no matter how many times the tables are moved.

FLAT® also delivers a **“World’s First”** with its unique ability to allow the user to **align** multiple tabletops together, **eliminating** the troublesome ridge **forever!**

FLAT® technology comprises two elements, the PAD (Patented Actuator Device) and the PUK (Patented Undercarriage Key) for a seamless engineered solution.

Feature	Benefit
INSTANT STABILISATION	Stabilises the table in a fraction of a second, automatically.
LEVELLING & ADJUSTMENT	Unique FLAT® technology means that, for the first time ever, the alignment of the tabletop can be adjusted to suit different surfaces, simply by lifting the table.
FLAT® SMART SYSTEM	It's always 'on', constantly aware of the surface below and adapting instantly to changes.
DESIGN INTEGRATION	The table base and technology form a seamless partnership. They have been designed and manufactured for simple integration into table production.
ENGINEERED DURABILITY	FLAT is made with high quality polymers and has undergone extensive R&D and exhaustive testing. The result: an exceptional quality product that you can depend on.
'4 x 4'	Outperforms traditional (usually mechanical) methods of stabilising tables. It's capable of adapting to a far greater variety of surface inconsistencies and delivers superior stability – whatever the terrain.

AUTO-ADJUST ST22 Flip Top (EP)

Flip Top Plate

Superior quality top plate. Allows stacking of multiple tables for efficient storage

Rod

Thicker structural tension rod to hold base together securely.

Post (2.56in/65mm)

Wider diameter for structural support. Increased wall thickness.

Aluminium Base

High quality casting protected with our specially formulated EP (Extra Protection) coating to protect against extreme weathering. Our stackable design provides an efficient storage solution

FLAT® Technology Seamlessly Installed

The base and the technology are designed in unison to deliver superior performance and longevity.

PAD

Height:	720mm/28.35in
Base Span:	560mm/22in
Base Spread:	105mm/4.2in
Weight:	7.4Kg/16.4lb (9.6Kg/21lb inc optional weights)
Top Plate Size:	345mm/14in
Material/Finish:	Aluminum/EP Grey or Black powder coat or Polished
Max Tabletop Size*	800mm x 1200mm / 32in x 47in (rectangular)
Max Tabletop Weight*	14Kg/31lb

- Our stackable design provides an efficient storage solution

- Available in Grey (EP), Black or Polished finish

* Warning: Exceeding maximum recommended tabletop size and weight will reduce functionality and performance of the technology.
