Notes & Details

Storing and transporting fryer oil is convenient and safe with this Fryclone Smart Pail 7 gallon orange utility pail with mobile base! This oil pail is a great companion for filtering, collecting, or storing frying oil when it has reached the end of its usable life. It features a galvanized metal construction with a food compatible interior coating, making it perfect for transporting oil. Increase the efficiency of your commercial operation by using this pail to move oil quickly and safely.

This pail is designed for functionality so you can transport oil without mess or incident. It features a smart lid design for simple, clean pouring. Its lid is equipped with four quick-locking clips to ensure that spilling will never be an issue. Plus, the tilting handle and side helper handle make it easy to lift, carry, and empty this utility pail. For extra convenience, this unit comes with a stainless steel mobile base with 2" casters to make moving the pail quick and easy!

- Kit Includes:
- Fryclone Smart Pail 7 gallon orange utility oil pail
 - Mobile base
