Product Detail: Navigate the winter landscape with confidence in Orion overshoes. Orion combines a sturdy, waterproof nylon upper with a lightweight polyurethane midsole and a durable TPR outsole to create an anti-fatigue overshoe with heavy-duty performance. This overshoe features an extra wide gusset and tall toe box that allows easy donning over large, steel toe work boots. The opening can be securely closed with the large hook-and-loop area and an adjustable instep strap with quick release buckle. The standard 14 inch height can be easily extended to 20 inches via the 6 inch roll-a-way gaiter for waterproof protection in deep snow. Fashionable and functional reflective piping improves nighttime conspicuity for enhanced safety. The deep lug, cleated outsole provides sure-footed traction in wintry conditions.
