## Winter-Tuff® Ice Traction Overshoe, Hi-Top

Style Number - 1350

Compliance Standards: N/A

**Product Detail:** The 46 permanent tungsten carbide-tipped studs in these Winter-Tuff stretch rubber overshoes won't break, rust or corrode. They are specially designed to dig into slippery surfaces to help prevent slips and falls on ice and snow packed surfaces. These ankle-height overshoes easily stretch over bulky work shoes and are designed with thicker gauge in the heel, toe, and soles for longer wear. Specially formulated for ease of stretch, these overshoes are easy to put on and take off. They are tear resistant for more durability and they won't crack or stiffen in the coldest weather. Heavy duty heel kick-off for hands free removal. Not recommended for use indoors. Studs can scratch floor surfaces.

**Product Type:** Overshoe / Overboot

**Insole:** N/A

**Sizes:** Sizes Small through 3XL  
(Fits US Men's shoes sizes 6.5 through 15.5)

**Outsole Tread Pattern:** General purpose cleated treads with 46 permanent tungsten carbide studs (per pair).

**Color:** Black Upper /Black Outsole

**Appearance:** Overshoes are smooth in texture and contrast and free from obvious defects, flash and contamination with no evidence of foreign material or distortion. Products are fully formed, well defined and properly aligned with smooth seams neatly trimmed edges and a complete, uninterrupted top trim line. Material thickness in each overshoe is balanced to maximize wall consistency, minimize premature failure, and maintain overall functionality. Color consistency is maintained within and between lots.

**Material:** High quality natural rubber and heavy-duty, tungsten carbide ice traction studs

**Closure Type:** None

**Labeling:** California Prop 65

**Packaging:** Overshoes are pair packed inside retail-ready folding carton. Packaged twelve (12) pairs per labeled, corrugated cardboard outer case.

**Applications:** Transportation, Utilities, DOT's, Municipalities and General Industry.

**Chemical Resistance:** Acids, alcohols, alkalis and diluted water solutions of most chemicals that are water soluble. Not recommended for constant contact with petroleum and oil based products.

**Country of Origin:** Mexico

**Other:** Testing and certification documents are available upon request.
