Notes & Details

There's nothing like slicing through fresh ingredients with ease, and thanks to this Garde KS3STG 3-stage heavy-duty electric knife sharpener, your knives will be ready to do just that! Not only does it restore blades in seconds, this versatile, electric sharpener is designed to sharpen both straight edge and serrated knives. The 100% diamond abrasives ensure long product life, while it 3-stage sharpening process creates a pinpoint, like-new edge each time. The three stages include one coarse stage, one fine stage, and one polish stage. This 3-stage process is great for sharpening straight edge kitchen knives, butcher knives, sporting knives, and pocket knives! For serrated knives of the like, the polishing stage is perfect to restore your blade's dull teeth to a razor-sharp edge.

With its sleek design and durable ABS and polypropylene plastic housing, this electric knife sharpener is sure to withstand heavy-duty use and look great doing it! The glossy construction complements any kitchen's decor and its small size allows it to fit on countertops for convenient access. Boasting angled knife guides, this sharpener keeps your knives in the ideal 20-degree angle sharpening position. Plus, it even features a swarf collection compartment that is easily emptied. Keep every knife in your kitchen sharp and ready to use with this Garde electric knife sharpener! A 120V electrical connection is required for operation.
