

# Green Earth® Garbage Disposal Cleaner

Foaming Microbial Garbage Disposal Cleaner and Freshener

**No harsh chemicals – Safe for all types of disposals**  
**– Helps prevent clogged pipes and drain lines**

Betco® Green Earth® Garbage Disposal Cleaner is an effective foaming microbial cleaner and freshener for commercial garbage disposals. This powerful formula contains a blend of microorganisms and cleaners that eliminate food soils, malodors and buildup keeping your disposal running smoothly.

**BETCO®**

# Green Earth® Garbage Disposal Cleaner

## Foaming Microbial Garbage Disposal Cleaner and Freshener

### Features & Benefits:

- Water-soluble packaging for simple dosing and application
- Use several times per week or as needed to keep disposal running efficiently
- Microbial cleaning action degrades organic soil buildup, solubilizing FOGs on tough-to-reach disposal sidewalls, blades, and drain pipes
- Pleasant fragrance leaves kitchen sink smelling clean
- Eliminate food soils and odors that attract drain flies

### Directions for Use:

For larger commercial disposal, use 2 pouches. For residential disposal, use 1 pouch. Use several times per week or when soils build up or odors require freshening.

1. Ensure disposal is empty and turned off.
2. Run warm/hot water in the sink with disposal.
3. Toss the appropriate number of pouches into the disposal. Do not open pouch.
4. Turn disposal on for several seconds.
5. Turn disposal and water off.
6. Blue microbial cleaning foam will rise from the drain.
7. Once the foam has receded, rinse the sink clean.

### Tech Specs:

**Bacteria Count:** 10 Million CFU per gram

**Gram Negatives:** Not present

**Bacterial type:** Non-Pathogenic

**Color:** Blue

**Fragrance:** Fruity

**pH:** 6 - 9.5

**Contains:** Aerobic and Facultative Anaerobic strains

**Temperature Range:** 60°F to 90°F (4°C to 35°C)

**Shelf Life:** 2 years

### Available In:

2605P57-00 30 x 2 oz. Pouches
