Flexible, Portable, Go Anywhere Conveyor

- Easily moves lightweight boxes
- Axles on 5" centers
- Adjustable height from 28" - 44"
- 100-lb capacity per linear feet
- 4" diameter locking casters
- Package end stop included

Instantly create temporary conveyor lines in your shipping & receiving, packing or assembly lines with our gravity skatewheel conveyors. Designed to expand, contract and move easily, our gravity skatewheel conveyor is a self tracking, gravity skatewheel conveyor that has a per linear foot capacity of 100-pounds. This conveyor is engineered to handle multi-sized cartons in low to medium volume applications.

Optimize floor space as this conveyor can be compacted for storage when not in use. Free spinning skate wheels (nylon wheels with roller bearings) on the conveyor make the unit very portable. Multiple conveyors can be combined for additional length with the included latching brackets. Adjustable inner legs vary height to achieve gravity flow.

MODEL NO	WIDTH	LENGTH (COMPACT)	LENGTH (EXPANDED)
