

PIG® Restroom Runner Grippy® Mat

GRP7004 Indoor Use on Concrete, Vinyl, Linoleum, Tile and Laminate Flooring, 2' W x 25' L, 1 roll

PIG Restroom Runner Adhesive-Backed Grippy Mat roll lets you create custom-sized restroom mats for urinals, sinks and other wet spots.

- Unique PIG Restroom Runner Grippy Mat can be easily rolled out and cut to length for continuous floor coverage with no gaps or overlaps; 25-foot roll is ideal for up to 10 urinals, under rows of sinks or wherever custom sizes are needed
- Permanently infused antimicrobial technology prevents the growth of odor-causing bacteria and mold on the mats to keep restrooms cleaner and fresher smelling
- Proprietary, full-coverage adhesive backing keeps mats in place underfoot with no shifting, curling or flipping up to stop slip and trip hazards; peels up easily
- Mats stick to your floor and won't budge while you clean them; simply mop them with the rest of the floor
- Durable, Hi-Trac™ Surface stands up to daily cleaning and restroom traffic
- EFM™ Absorbent Technology captures urine and water on contact, wicks them away and dries out quickly
- Liquidproof barrier layer stops liquid pass-through to prevent stains and grout damage
- Tested and certified by the National Floor Safety Institute (NFSI) as a high-traction surface which can reduce slip and fall claims by as much as 90% when used as part of a Floor Safety Program
- Release paper on the bottom of the mat should be removed prior to installation
- See Resources & Downloads section for product use guidance

[Color Variation Statement](#)

It is normal for top layer materials to show minor variations in color between production runs. This is particularly true for the grades of materials used in consumable or disposable products such as our adhesive-backed mats. New Pig makes every effort to achieve consistent color, but some variance is possible. Perceived differences in color may also result from mat layout orientation or uneven traffic wear patterns.

[Safety Instructions Regarding Flammable Liquids for Flame Resistant Mats](#)

Pig Absorbent Mats are flame resistant in their unused state, but take on the properties of flammable liquids they absorb. Always take proper precautions against potential ignition in handling and disposal of these mats if they have absorbed flammable liquids. For further assistance, please call Technical Services.

[Absorbents Notice](#)

All absorbents take on the properties of the liquids they have absorbed. When handling used absorbents, you must utilize all necessary safety precautions that are required to safely handle the liquid which has been absorbed.
