All Black(3133), Black with White inset(3132), and Black with Burgundy(3132) inset. Pkg. Code: BU, C, PC. Imprint area on handle inset: 1-5/8" X 1/4". Screen/Pad Print.

## 2005 Oblique™ Waiter's Corkscrew

The angle of the spiral of 13° makes a world of difference. How it works: The spiral goes into the cork at an oblique angle. The curved handle is now positioned to equally divide the extracting force over a vertical/horizontal axis thus resulting in a "circular pull" using less of your strength. 5-3/8" long. Colors: Black, Burgundy, and White. Pkg. Code: BU (indv. white box), BXR (printed box w/hanger tab), PC. Imprint area: 2" x 5/16" Hot Stamp or Pad Print. *ColorBlast* Imprint area 2" x 5/16".
