Chef'sTouch control: Just tap and swipe to run automated cooking and operating apps

Henny Penny FlexFusion combi ovens combine different cooking methods into one piece of equipment with the flexibility to cook nearly everything on your menu to perfection.

The FlexFusion SpaceSaver Plus combi incorporates powerful yet highly energy-efficient boilerless steam generation into a compact tabletop unit less than 22 inches wide with racking for full-size steam table pans. Perfect for smaller operations with limited kitchen space. This system instantly adds or eliminates the precise amount of moisture needed to maintain desired cooking conditions.

using a smart phone! Just tap the app for everything from cook-and-hold to cleaning and trouble-shooting.

FlexFusion FSEN610 earns the ENERGY STAR® mark for energy efficiency. WaveClean™ self-cleaning system, multi-sensor core temperature probe and USB port are standard.
