

KitchenAid® 9-Cup Food Processor

NEW

Designed for Precise Slicing

KFP0922

KitchenAid® ExactSlice™ System

- **Adjustable Stainless Steel Slicing Disc** – Easily adjust from thin to thick slicing by simply turning the knob on the slicing disc.
- **Three Speeds for Better Results** – The uniquely designed blade and three speeds give precise slicing and accuracy for soft and hard foods. The LOW speed works best for foods like tomatoes, mushrooms or bananas. The HIGH speed works best for foods like potatoes, carrots or when shredding cheese.
- **3-in-1 Wide Mouth Feed Tube** – Adjusts to three different widths for processing different size foods and whole foods, such as tomatoes, with minimal prep.

Work Uninterrupted

- **Our Seal of Approval** – The lid with UltraTight™ Seal is designed with a leak resistant ring and locking system to help prevent messes, ensuring that everything stays in the work bowl.
- **Two Work Bowls** – The BPA-free 9-cup (2.1 L) work bowl, 3-cup (0.7 L) mini bowl and lid allow the processing of large or small batches quickly. They are also dishwasher safe (top rack only).

Includes

- 9-Cup Food Processor
- Stainless Steel Adjustable Slicing and Reversible Shredding Discs
- Multipurpose, Mini and Dough Blades
- BPA-Free 9-Cup Work Bowl and 3-cup Mini Bowl
- Wide Mouth Feed Tube
