
KNEE PAD COMPRESSION SLEEVES

Perfect knee sleeve for workers needing the benefit of compression on and off the worksite

KNEE PAD COMPRESSION SLEEVES

Klein Tools' Knee Pad Compression Sleeves are designed for workers needing the benefit of compression on or off the jobsite. The neoprene foam knee pad provides additional comfort while kneeling on sore and tired knees during the workday. The compact, low-profile design easily fits under clothing, while the anti-slip silicone grip on the top cuff keeps the sleeve in place during use. Both breathable and supportive, the durable knit material is comfortable for all-day wear. Machine washable and sold in pairs.

Low-profile design that easily fits under clothing

Silicone grip on cuff to keep sleeve in place

For best fit Measure 6" (15 cm) above center of kneecap*

Breathable knit material provides support and comfort

Designed for workers, or anyone needing the benefit of compression

Neoprene foam padding provides comfort while kneeling

For Professionals
SINCE 1857™

Cat. No.	UPC 0-92644+	Description	Size	Measurement
				MEASURE 6" (15 cm) ABOVE CENTER OF KNEECAP*
