Konftel C2055 and C2055Wx

All inclusive

Konftel C2055 and C2055Wx are the perfect video collaboration solutions for small to medium-sized meeting rooms, combining the Konftel Cam20 4K conference camera and a speakerphone in the Konftel 55 series with OmniSound® audio quality.

The Konftel OCC Hub brings everything together into one convenient kit, so a single USB cable is all you need to connect the camera, the sound unit and the room's screen to the collaboration app on your laptop.

With the Konftel Cam20 USB conference camera, you can also be sure that the other participants in the video conference will get a clear and balanced image of you and your colleagues. WDR technology automatically adjusts to achieve a good picture in different light conditions, even challenging ones such as low light, direct sunlight and high contrast. 4K video resolution also allows for a great digital zoom.

OmniSound®

- Room type: Small to Medium
- 4K Ultra HD
- 123° field of view
- Simple installation
- EPTZ
- 8x digital zoom
- Auto framing
- OmniSound® with HD audio
- Two-year warranty
- Climate Neutral Certified

QUICKLY FIND THE RIGHT ANGLE

The Konftel Cam20 is optimized for situations where the conference cam needs to be positioned close to the table, but it is equally at home in medium-sized meeting rooms. The 123° field of view means that all the participants can sit in a comfortable position and still fit into the video image. At the same time, the camera creates a realistic image with no distortion.

CRYSTAL CLEAR WITH OMNISOUND®

The Konftel 55 and Konftel 55Wx are stylish and easy-to-use speakerphones with impressive, crystal clear HD sound thanks to our OmniSound® audio technology. The difference between the two models is that you get Bluetooth® and an integral battery with the Konftel 55Wx.

(((KONFTEL GET TOGETHER]

NO HASSLE GUARANTEE

Konftel OCC Hub is, as the name suggests, the hub of the video collaboration solution, offering One Cable Connection to the conference camera, speakerphone and screen. In practice, this means that C2055 and C2055Wx fully supports BYOC – Bring Your Own Computer, where the user can bring the collaboration service to the meeting room on any laptop with a USB port.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
