Chef's Ingredient Staging Cart - Stainless Steel

Models 140, 145, 146

Prepare And Cook Food More Quickly And Efficiently

Features

- Stainless top frame holds full size pan, or smaller pans with standard inserts, or optional cutting board
- Integrated handles on each end hold 1/3 pan or (2) 1/6 pans
- Cantilevered H-base features small casters to roll under ranges (model 140)
- Detachable speed rail with towel bar holds spices, seasonings, bottles and sauces
- ADA compliant
- Adjustable-height top (Model 140)

Benefits

- Provides menu innovation without compromising existing kitchen layout
- Increases productivity through ease of ingredient placement and access
- Ergonomic height top fits in any environment or set up
- Also ideal for tableside meal prep and customization
- Unassembled unit (Model 145) reduces price and shipping/storage cost

Model 140

Specifications

General:

Unit is of stainless steel construction to accommodate various size pans. Top shall have frame and adjustable cross support bars to accommodate full or fractional size pans and a removable 24" W x 3¼" D x 3¼" H speed rail for bottles and jars. Speed rail has 24" integrated tubular towel rod. Casters shall be all-swivel. Unit is ADA compliant.

Model 140:

Unit is of stainless steel welded construction. Base frame shall be of welded 1" x 1" square tubing with 1" x 2" square tubing upright supports. Upright supports shall have holes at 1" spacing to provide table top height adjustability range of 6" (29" to 35"). Top capacity is 50 lbs., speed rail capacity is 25 lbs. Swivel casters have 2" wide-tread wheel. Unit is NSF listed.

Models 145 & 146:

Unit is of stainless steel heavy-duty fastened construction. Base is solid reinforced 16-gauge. Upright angle supports and top frame are one-piece 14-gauge with top and bottom gussets. Top capacity is 30 lbs., speed rail capacity is 15 lbs. Swivel casters have 3½" non-marking wheel.
