Notes & Details

Enhance the ambiance of your establishment with this Lancaster Table & Seating Mid-Century black steel frame chair. Crafted with a durable steel frame and a sleek modern black finish, this chair is designed to withstand the rigors of daily use in high-end restaurants, hotels, and bars. The rubber glides on the legs prevent scuffing and scratching, ensuring your floors remain pristine.

Pair this chair with the compatible Lancaster Table & Seating Mid-Century cushions (sold separately) to provide your guests with added comfort during their dining experience. Whether you're looking to elevate the style of your space or create a cohesive look throughout your venue, this chair is the perfect choice. Invest in quality seating that not only looks great but also offers durability and functionality for your commercial space.
