Notes & Details

Take your modern restaurant, cafe, or bistro to the next level with this Lancaster Table & Seating Alloy onyx-black outdoor cafe chair! This chair is made of durable steel and coated to withstand years of use. The onyx-black color adds a sleek, modern touch to any setting and is sure to be a contemporary design choice that guests love. Comfortable and stylish, this strong yet lightweight chair is an excellent choice for your indoor or outdoor dining area. To save time and hassle, this chair ships fully assembled.

Ready to withstand daily outdoor use, this chair is constructed of durable steel. It's then powder coated for rust and corrosion resistance as well as extra protection against everyday wear and tear. The frame is reinforced with additional under-seat cross bracing to provide strength and stability without adding extra bulk or weight to this sleek design.

This industrial chair boasts a 400 lb. weight capacity. To ensure that your customers are free to enjoy your signature drinks, appetizers, entrees, and desserts, it features a supportive back and comfortable seat with rounded corners for a sleek, minimalist look. In addition to being stylish and durable, this lightweight chair is also easy to move and transport so you can quickly reconfigure your dining space and easily clean up at the end of the night. It can be used indoors during the off-season then transferred outdoors as the weather gets nicer!

This chair can even be stacked with up to six other Lancaster Table & Seating Alloy outdoor cafe chairs to maximize storage space! With a wide variety of color options to choose from, you'll be able to mix and match to create a vibrant seating arrangement in your establishment. This low-maintenance chair features protective glides that help keep floor surfaces in pristine condition. Plus, the drain holes ensure that water won't pool on the seat, helping it to dry faster after washing or accidental spills.
