Notes & Details

Provide your smallest guests with a place to sit with the Lancaster Table & Seating standard height restaurant wooden high chair with walnut finish! Thanks to this sturdy high chair, you can easily keep your youngest guests safe and tightly secure while they're in your family friendly restaurant or diner. The chair is designed to keep children comfortably restrained, which helps to prevent any injuries or accidents. It is also compliant with the new ASTM F404-18 requirements so you can ensure the safety of those in it. Plus, the classic walnut finish adds a nice visual appeal to your dining set up.

Thanks to the rounded corners, this high chair ensures that children have a comfortable place to rest their arms while they sit. This also helps prevent other guests and wait staff from injuring themselves should they brush against the chair during their stay. The smaller opening on the side panels, and the crotch strap and seat belt all help secure a child in place so they can't wiggle free and fall. For added convenience, it ships fully assembled for immediate use right out of the box, saving time and labor during setup. Make sure you can accommodate guests of all ages with this comfortable, safe high chair from Lancaster Table & Seating.
