At an ideal height for both bar and raised table seating, this bar stool is a versatile option for any restaurant, bar, deli, or coffee shop.

This bar stool's sturdy European beechwood frame provides unmatched durability and an impressive 350 lb. weight capacity. It is made with fire-retardant foam for added safety.

The metal footrest gives customers a place to rest their feet. Each leg comes with an integrated glide to protect your floors from scuffing. To save you the time and hassle of assembly, this bar stool is shipped fully assembled with the seat already attached.
