Notes & Details

Add some charm and style to your establishment's decor with this Lancaster Table & Seating Vineyard series outdoor cross back chair with 2" beige cushion. This chair's cross back and U-shaped underbar combines with its sleek wooden frame to instill a classic look in any location. Plus, since this chair's back and seat are contoured, it will provide comfort while maintaining a distinct, rustic appearance. It is a versatile option for any indoor or outdoor restaurant, bar, deli, or coffee shop.

This chair's light weight ashwood frame provides unmatched durability in your dining room. It can hold up to 300 lb. of weight thanks to the sturdy frame. Additionally, the smooth surface provides a natural wood feel, while the vintage finish offers a stylish look. This chair also features a cross back that's contoured to provide extra support to your customers' upper backs. Each leg boasts a floor glide to protect floors from scratches and scuffs while offering improved traction on slick surfaces and damage protection to the chair feet. At the end of the night or conclusion of your event, its light weight, stackable design allows for easy moveability, compact storage, and efficient transportation. The wood seat, back, and legs are easy to clean and maintain, and they offer style and convenience in any establishment! Simply use a damp cloth with mild soap to remove any dirt or spills. This chair is perfect for commercial use, and since it is fully assembled, you can put it to use right away.

The included cushion features a 2" thick polyurethane sponge interior to ensure that all guests are seated comfortably at any event. The elegant beige color enhances your event's decor, complementing the chair's appearance. At the same time, the linen cover can be machine washed for convenience, and the entire cushion can be used in indoor or outdoor seating applications. It is designed with ties to hold the cushion in place on the chair it's attached to. A zippered back allows the padding to be removed for machine washing of the cover, ensuring easy removal of stains, spots, and dirt.
