Notes & Details

Add a unique, rustic ambiance to your pub, cafe, or restaurant with this Lancaster Table & Seating 30" x 48" wood butcher block dining height table with 4 black cross back chairs! Coming with an attractive table top, compatible dining height base, and 4 chairs, this set provides you with everything you need to set up and complete the look of your dining area. The butcher block style table top highlights the natural beauty of the beech, birch, pine, ash, and oak woods while each strip of wood accepts the rich mahogany stain differently, giving a uniform appearance while simultaneously allowing each unique species to stand out.

Composed of 3/4" solid strips, the wood is affixed to 1/2" plywood for increased structural durability and stability. A 2" thick solid wood border surrounds the perimeter of the table, giving the appearance of a thicker table while maintaining a lightweight composition. It is specially designed to provide you with a dining option that will look fantastic and deliver long-lasting performance at an unbeatable price.

This table's eye-catching table top is complemented and supported by the included table base. A 25" high, black powder-coated steel column and rod extends the table top to dining height and is connected to the table top via a black, powder-coated 10" spider attachment. At the base of the table, a 22" x 30" black, powder-coated cross base plate helps to prevent the table from wobbling, ensuring stability and balance. A 12-piece floor glide and screw hardware kit attaches to the base, further assisting in leveling the table while preventing the base from scratching the floor.

Complementing the rustic table are four black cross back chairs. Their eye-catching cross back design is contoured for a customer's back, providing unmatched comfort while maintaining a distinct look. At the same time, the black finish gives you an elegant, upscale look that matches almost any decor, while the sturdy frame provides long-lasting durability. The 2 1/2" thick padded vinyl is filled with CA117 fire-retardant foam for the best in comfort and safety, and integrated glides are designed to protect your floors from scuffing. For additional user convenience, each chair weighs less than 14 lb. for easy mobility from one destination to the next!
