Notes & Details

Provide your guests with a comfortable place to sit with this Lancaster Table & Seating 48" square white picnic table with attached benches! Made specifically to withstand aggressive handling and constant use in institutional and commercial settings, this picnic table is the perfect, long-lasting addition to any facility. The table and benches are constructed of lightweight, high-density polyethylene for outdoor use. Plus, four benches are attached to the frame on either side of the table for convenient seating whenever you need it. An umbrella hole is cut out of the center of the table to protect your guests from the weather, rain or shine.

This table's frame is made of strong powder-coated steel to combat rusting. It's weather-, water-, stain-, peel-, chip- and crack-resistant, guaranteeing it maintains its professional appearance even with heavy-duty use. This table's lightweight yet tough construction is even more durable than wood. Invest in a table that's built to last with this picnic table.
