Notes & Details

Add a unique, modern appeal to your dining area with this Lancaster Table & Seating Excalibur Bistro standard height table with 4 arm chairs! This set includes a table top with a textured yukon oak finish that offers the beautiful look of solid wood with a subtle, intriguing texture. It boasts an eco-friendly, quality laminate construction fashioned from compression-molded wood to provide a dependable yet distinct aesthetic. Plus, the table top's UV- and weather-resistant design is built to withstand the elements, making it the perfect indoor or outdoor option that your guests can rely on. The table ships unassembled with hardware and mounting plates included, while the chairs ship fully assembled.

This set's impressive table top has superior scratch, impact, break, and burn resistance for increased longevity. It requires minimum maintenance to boost the efficiency of your cleaning process and to encourage a quicker turnover rate. The table comes with a strong, e-coated stamped steel base column and a 22" x 22" cross plate. The column raises your table top to a comfortable standard height, while the cross plate prevents the table from wobbling for better stability and balance. Plus, the included floor glides on the cross plate and chair legs help protect your floors from scuffs and scratches. The protective glides also help keep the table and chairs in place, preventing unwanted movement during use!

The 4 brown arm chairs are made of a powder-coated aluminum that is durable enough to resist weather and corrosion while still being lightweight for easy maneuvering. Their smooth surface features a bamboo finish and a modern brown, UV-resistant Teslin net woven fabric that is sure to enhance your decor and help keep this outdoor chair looking new. Teslin is a synthetic material made from a blend of PVC and polyester fibers woven together to make a mesh-like fabric that is highly durable and affordable. Plus, this low-maintenance material dries quickly and is easy to clean.

Each chair boasts a 330 lb. weight capacity, and the frames are reinforced with additional under-seat cross bracing to provide strength and stability without adding extra bulk or weight to the sleek design. To ensure that your customers are free to enjoy your signature drinks, appetizers, entrees, and desserts, these chairs feature supportive rounded backs for exceptional comfort. Plus, arm rests provide your guests with ultimate comfortability while enjoying a meal or beverage.

In addition to being stylish and durable, this lightweight set is also easy to move and transport so you can quickly reconfigure your dining space and easily clean up at the end of the night. It can be used indoors during the off-season then transferred outdoors as the weather gets nicer! Your guests will appreciate the opportunity to enjoy the temperate weather with the convenience and comfort of this dining set! Each of the chairs can be stacked with up to four other Lancaster Table & Seating Bistro arm chairs to maximize storage space! This stackable design makes it ideal for businesses with minimal storage space.
